13<sup>th</sup> March 2017

Dear Year 5 Parents,

As part of the National Curriculum for Science, Year 5 will be comparing the life cycles of amphibians, insects, birds and animals. We will also be describing the process of reproduction in plants and animals. The content does not cover sex and relationships education but rather the scientific fact of the sperm cell fusing with the ovum.

If you have any concerns please do not hesitate to contact me.

Mrs Knibb  
(Science Teacher)
